

Outcome 4.4: explain the significance of select innovations from the Ancient, Pre-Modern, and Modern Eras.

In small groups, research the innovations listed below. Use the table to organize your findings.

| Innovation | What was it? / Describe the Innovation | Short-term Effects | Long-term Effects |
|---------------------------|--|--------------------|-------------------|
| Phoenician Boats (gauloi) | | | |
| Roman Aqueducts | | | |
| Medieval Stirrup | | | |

| Innovation | What was it? / Describe the Innovation | Short-term Effects | Long-term Effects |
|------------------|--|--------------------|-------------------|
| Printing Press | | | |
| Smallpox Vaccine | | | |
| Steam Engine | | | |
| Significance | <p>Which do you think was the most significant of these innovations? How did you make your choice? (Note: consider magnitude, scope, and duration of effects):</p> | | |
