

Outcome 10.2: explain developments in economics during the Pre-Modern and Early Modern Eras

Read pages 134-135 to learn about economic innovations during the Middle Ages.

1. **Knowledge:** What did the fall of the Roman Empire mean for people and trade during the early Middle Ages?

2. **Knowledge:** What was a medieval manor?

3. **Cause and Consequence:** What were the effects of the farming developments below?

Use of horsepower	
Crop rotation	
What two consequences came from these farming developments?	

4. **Comparison:** How was the sale of goods and services in a marketplace (town or city) different from how people on medieval manors met their needs?

Market Towns	Manor

5. **Draw Conclusions:** Look at the map of a medieval manor. What needs or wants could the inhabitants produce themselves? What might they have to trade for?

6. **Perspective:** How did the development of craft guilds influence the lives of the groups below?

Guild Members	Merchants	Consumers

7. **Draw Conclusions:** How did the changes that occurred in medieval cities (i.e., growing towns, trade fairs, banking services) make trade easier and increase wealth?
