

**Outcome 5.1:** explain the concept of globalization.

Read pp. 26-30 in your text and complete the items that follow.

1. **Knowledge:** Using an example, explain what is meant by the term “globalization”.

2. **Organize:** Explain what is meant by each of the following types of globalization, providing an example of each.

Type of Globalization	Explanation	Example
Economic		
Technological		
Political		
Cultural		

Environmental / Ecological		
----------------------------	--	--

Read “Quality of Life, Globalization, and Sustainability in Dubai” on pp. 37-39 in your text and complete the items that follow.

3. **Perspective:** The case study states that the majority of the population of Dubai are expatriates. Explain what this means and how this is related to the level of globalization in the city.

--

4. **Draw Conclusions:** How would you describe the quality of life of people in Dubai? Provide specific details from the case study.

--

5. **Cause and Consequence:** Read the section “The Road to Globalization”. In what ways has Dubai altered or adapted itself to encourage greater tourism and business opportunities?

6. **Cause and Consequence:** Based on what you have read in this case study, identify as many consequences or effects of globalization as you can (these may be positive or negative). Organize them into the categories below.

Consequences or Effects of Globalization			
Economic	Environmental	Political	Social

7. **Value Judgement:** Using what you have learned above, explain whether you agree or disagree with the statement below. Provide three arguments that support your position.

**Globalization is a trend that will greatly improve quality of life around the world.**
